Demonstrate compliance of your products*

ZIMBABWE Consignment Based Conformity Assessment (CBCA) Programme

**BUREAU
VERITAS**

Move Forward with Confidence

SCOPE

(CBCA) PROGRAMME

Bureau Veritas has been appointed by The Ministry of Industry and Commerce to implement the Consignment Based Conformity Assessment (CBCA) programme.

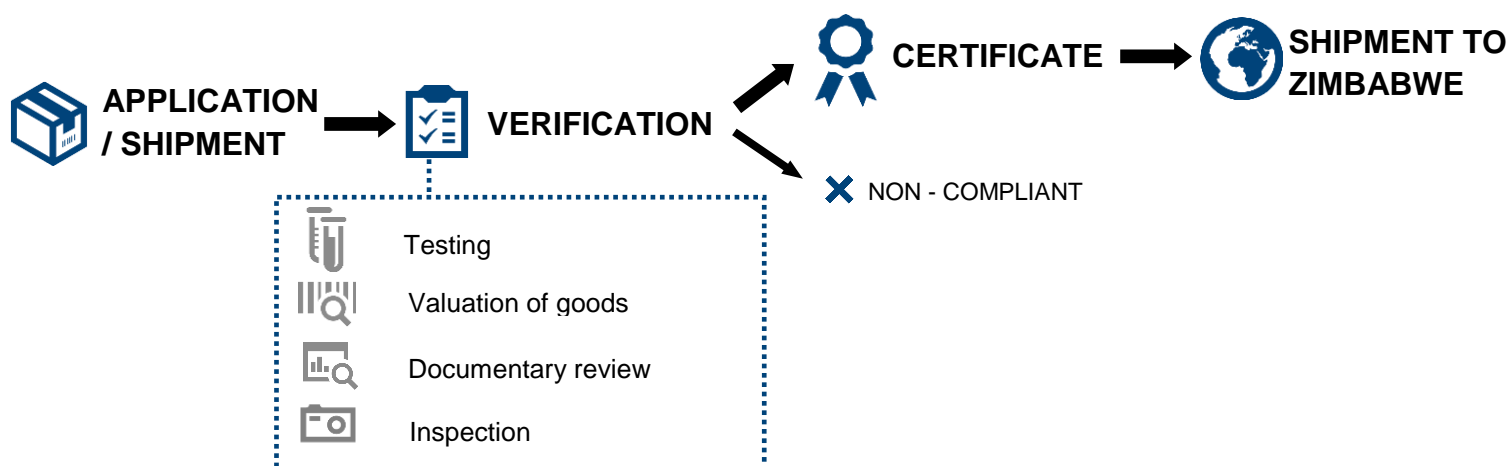

OBJECTIVE

- Protection of the consumer and the environment
- Conformity Assurance
- Swift customs clearance with the appropriate Certificate of Conformity (CoC)
- Fight against Counterfeits
- Improve and secure Customs duty collection

GROUP OF PRODUCTS COVERED

- Food and Agriculture
- Building products
- Timber and timber products
- Petroleum and fuel
- Packaging material
- Electrical/electronic products
- Body care and health products
- Automotive and transportation
- Clothing and textile
- Engineering equipment
- Toys

BASIC PROCESS OVERVIEW

PROCESS

Step 1 : Request for Certificate

Exporter lodges a Request for Certificate to a Bureau Veritas local contact.

Said request should include:

- List, designation and price of goods intended to be exported, if available : transport and insurance price, importer / exporter details (this is usually included in the proforma invoice to the importer)
- Conformity documents available (ex: Third party certificate, Test reports, Reports of analysis, certificate of the manufacturer according to ISO 9001 or other quality standard)
- Information related to local and provisional date of availability of goods to carry out their physical inspection before shipment. (Filling up of the Request For Certificate (RFC) Form)

Step 2 : Routes to compliance

To facilitate trade and adjust intervention to the risk, 3 different routes are available in our CBCA Programme to demonstrate compliance:

- Route **A**: Any good, any trader
- Route **B** (Registration): Goods already registered by Bureau Veritas
- Route **C** (Licensing): Goods already licensed by Bureau Veritas

Step 3 : Documentary review / Testing / Valuation

Bureau Veritas reviews all informations provided and checks their adequacy against the applicable international standards. Laboratory testing / analysis are conducted on samples if necessary. A valuation of goods service is processed for Customs purpose.

Step 4 : Inspection

Bureau Veritas checks that:

- Goods presented are those identified during the documentary review
- Goods match their description in the import / export documents
- Products comply with applicable standards
- If necessary, Bureau Veritas inspectors may take samples for additional assessment.

Step 5 : CBCA Certificate

Bureau Veritas checks the inspection report against the provided document and adjusts valuation if necessary. Upon satisfactory results, an electronic Certificate of Conformity is issued, else, a Non-Conformity Report is produced.

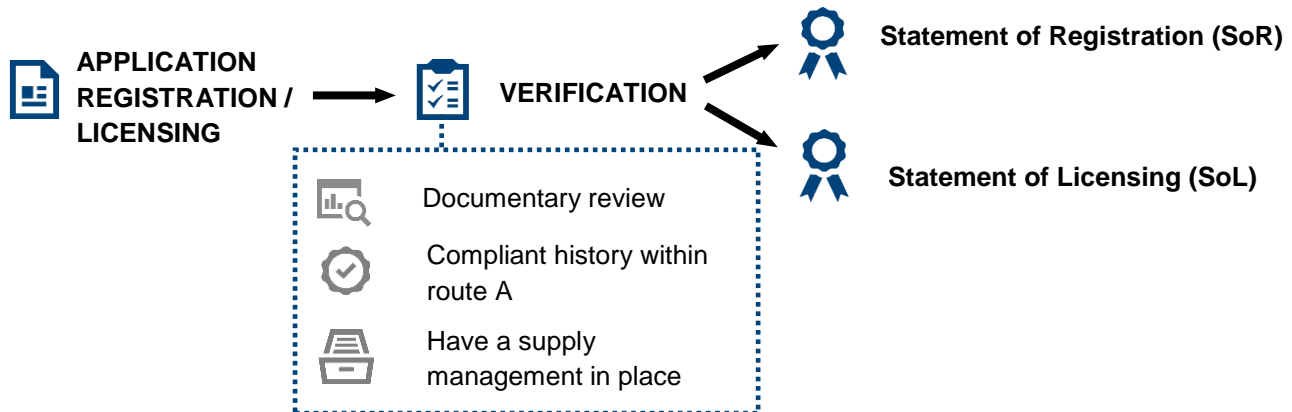

FACILITATION PROCEDURE

Registration (Route B) and Licensing (Route C) are options offered for regular importer/exporter to Zimbabwe. The documents and system in place to ensure conformity to Zimbabwean requirements are preliminary reviewed (test report, certificate, results of testing, inspection, factory audit....)

Registration and Licensing

Registration and Licensing application

Shipment verification

SoR/SoL reduces the documentary review and/or inspection of shipment and speed up the issuance of certificate in performing the necessary monitoring.
